

Location Knowledge Organiser: Year 1

City

A **city** is big place with lots of buildings and people. In a city, you might find a **hospital**, a **factory**, **shops**, lots of houses and a **cathedral**. Norwich is our nearest city.

Capital city

London is the capital city in England. It is a big city where people make our rules.

Factory

A factory is a building where machines are used the make lots of different things like food, clothes and cars.

Hospital

People go to hospital when they are sick or hurt Doctors and nurses help them to feel better.

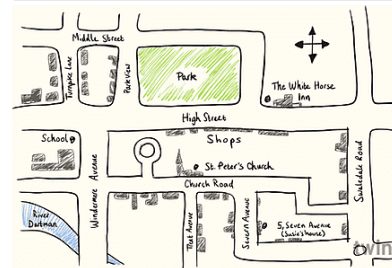

Cathedral

This is a really big church and you always have a cathedral in a city. Norwich has 2 cathedrals!

Shops

Shops are where we buy all the things we need. There are big shops like supermarkets and little shops.

Maps

Maps help us when we are lost or need to know where to go. They tell us where things can be found.
