

## Growing Knowledge Organiser- Nursery

In **Nursery** children will learn the following:

### **Growing- Plants**

By the end of this topic, we want the children to have an embedded knowledge of the following:

- Seeds and bulbs grow into flowers, plants and trees.
- Fruit and vegetables grow in the ground, on plants and in trees.
- We need to exercise, eat healthy and wash our hands to keep healthy.
- Plants have the following parts: roots, seedling, stem, leaves and flower.
- Plants need water and sunlight to help them to grow.

Key vocabulary your child will learn and can define are:

<b>Seed</b>	When planted will turn into a flower or plant.
<b>Lifecycle (plant)</b>	The stages a living thing goes through during the stages of its life.
<b>Plant</b>	A living thing that grows in the Earth and has a <b>stem</b> , <b>leaves</b> and <b>roots</b> .
<b>Weather</b>	The change of state in the atmosphere. For example: rain, cloud, thunder, sunshine etc.
