Our New Spiritual Garden

The Mini Vinnies are delighted to have proudly opened our new Spiritual Garden!

They have worked incredibly hard throughout the year to bring their ideas to life. They designed the garden, raised money through the Tesco Community Project, planted beautiful flowers and created colourful bunting and wind chimes to make the space feel peaceful and welcoming.

The Mini Vinnies wanted to create a special space for the whole school community to enjoy. They included a bird bath to support our local bird community and will be creating bird boxes later in the year to encourage even more wildlife to visit.

They also made sure there was enough seating for a whole class, so the garden can be enjoyed for spiritual reflection, prayer and mindfulness, as well as outdoor learning.

We are incredibly proud of the Mini Vinnies for their hard work, creativity and care in creating such a wonderful space for everyone to enjoy. Well done, Mini Vinnies!
